004/20 REPORTS

(a) County Councillor and District Councillor's Reports

County Councillor Richard Hosking:

1. The most recent revision of the bus timetable for the area is accessible on the following link

http://www.devonbustimetables.info/south_hams_new/

2. I do not recall having received any requests for Locality Funding from Holbeton since the last election? I will therefore welcome any applications for funding from community charities or not for profit organisations including the Parish Council for up to around £1,500 funding. A reminder that applications must be received before the end of September this year and the money spent by the New Year (as it will be an election year).

3. The Devon County Council outturn is showing a small Revenue surplus of £33,000. This is a very satisfactory result for a challenging period of account, and we all hope this will continue to the end of the financial year.

4. Ivybridge Library is due to reopen on 27th July 2020. They are currently operating an online order and library collect book borrowing system.

The membership of the e-books service has increased from 300 to 2,300 subscribers in the period of Coronavirus.

5. The restrictions for people shielded from Coronavirus has relaxed since 6th July. As a consequence, we will be ceasing the Food Box Programme from 31st July.

This scheme supported 2.2 million people nationwide including 33,000 in Devon.

6. Devon County Council have now published their Local Outbreak Management Plan that will become operational in the event of an identified outbreak of Coronavirus. We all hope we will not have to use it.

7. Devon has been very fortunate to date in that the number of reported cases has been just 1,100 and 125 have succumbed to the virus. We hope to keep it that way.

Compulsory wearing of masks in shops and supermarkets is due to be introduced from 24th July.

8. There has been a greenlight for many categories of business to reopen this month and more to follow. A new package of financial measures designed to maintain as much employment as possible and kickstart the economy has been announced by the Chancellor and all businesses are recommended to consult new guidance released on the now familiar websites.

9. The Devon County Council meeting on 23rd July will now be a virtual meeting only following advice from the Local Government Association.

10. Regrettably as we emerge from the Coronavirus restrictions the police report an increase in;

a) Domestic Abuse

b) Antisocial behaviour

A request that you all remain vigilant and report those little things that do not seem quite right including safeguarding issues with regard to children.

11. I will be grateful for your views on a proposal for a "No Through Road except for access" sign at the Hembury Cross through Nethecombe road junction, and whether the Parish Council will consider funding this at a rough estimate of £4,000? To be itemised on the next agenda, Cllr Hosking will try and find funding.

ACTION: Clerk

I have asked Nick Colton to proceed immediately with a "to the Beach" sign at the junction in an attempt to divert some of the summer traffic, however this will take about 2 to 3 months to deliver.

12. The repair of the chamber on Gibb Hill is in the schedule of works and will be effected in due course.

13. The other items recorded in the March minutes will be included as far as possible in the maintenance schedule.

015/20 HOLBETON PARISH COUNCIL CLIMATE CHANGE SUB-COMMITTEE UPDATE - Cllr Baumer

The purpose of the report is to update councillors on the last 4 months.

It is also to make recommendations in relation to taking the work of the subcommittee forward.

Since the last HPC meeting in March 2020 there has been one virtual meeting at the end of March and a consultation with a number of parishioners on the priorities for the draft Holbeton Parish Council Environmental Action Plan. Given the circumstances since then it should not be surprising to learn that little of substance has developed.

I am submitting the current version of the Environmental Action Plan, which has not changed since the end of March. It will be seen that there are red numbers against several of the proposed actions. These relate to the small numbers of parishioners who fed back their priorities for action.

I would like to make the following suggestions:

1. That the Environmental Action Plan is seen as an evolving plan with priorities that are likely to change over time. However, it provides suitable actions to be progressing with and as such is in a form that can readily be modified as required but from which several can be developed. I would ask that the parish council adopts this action plan.
2. At this stage that councillors consider which of the priorities they would support for action now. I would suggest the following as being suitable for action now, over a timescale that cannot be determined in view of so many potential unforeseen local, national and international developments:
 - a. Action 1, to develop and approve a new policy requiring the HPC routinely to consider environmental implications of all decisions.
 - b. Actions 8, 10 to ensure that all lighting in its premises and all street lights are low energy. Whilst choosing these two actions may seem less than a dynamic start, they reflect what I believe is reasonably achievable at this time.
3. That the carbon audit (action 4) should be postponed and downgraded for the foreseeable future. In view of the severe economic disruption its potential benefit would be severely undermined.

015/20 HOLBETON PARISH COUNCIL CLIMATE CHANGE SUB-COMMITTEE UPDATE - Cllr Baumer (continued)

That the following documents &/or links are posted on the HPC Climate Change webpage (currently empty):

Cllr Hollett - understands that electric car charging points to be made mandatory in new housing developments.

023/20 SAFETY OF YOUNG CHILDREN WHO ARE CYCLING FAST AROUND THE CENTRE OF VILLAGE

Cllr Hollett has been asked by three parishioners to point out that since the lockdown there have been less cars, which has resulted in more children cycling. The concern is that as the cars start to come back, the danger will increase.

Cllr Hollett witnessed cars, some of them driven by parishioners, going too fast. Perhaps this is the time to raise again the issue of a 20mph speed limit in the village.

Discussion ensued; it was agreed to include this item on next month's agenda. **ACTION: Clerk**
